Professional Overview

SAP FICO Consultant with **3+** years of experience specializing in SAP FI Payments, DMEE configuration, and end-to-end payment processing in SAP S/4HANA environments. Strong expertise in Accounts Payable (AP), bank integrations, Automatic Payment Program (APP), high-volume payment cycles, UAT support, functional testing, and production issue resolution.

Core SAP FICO Expertise

SAP FI: SAP S/4HANA Financial Accounting, Accounts Payable, FICA, Treasury payments

Payments: SAP FI Payments, bank integration, Automatic Payment Program, payment proposal, payment execution, payment file creation

Configuration: DMEE configuration and enhancements, bank-specific payment formats, regional banking requirements

Testing and Support: Functional testing, regression testing, UAT, test cases, defect documentation, production support

Tools: SAP S/4HANA FI, ServiceNow, Jira, MS Excel

Work Experience

Accenture India

Dec 2022 – Present

SAP FICO Consultant

Bengaluru, India

- Specialize in SAP FI Payments, managing end-to-end payment processing for Accounts Payable, FICA, and Treasury payments.
- Configure and enhance DMEE trees for multiple bank-specific payment formats while aligning outputs with regional banking requirements.
- Execute Automatic Payment Program activities including proposal generation, payment execution, and payment file creation.
- Manage weekly and monthly high-volume payment cycles, resolving approximately **99%** of payment failures within defined SLAs.
- Perform functional testing and UAT support, including test case preparation, execution, defect identification, and documentation.
- Provide production support and system enhancements, handling incidents and service requests using ServiceNow and Jira.
- Coordinate with internal stakeholders and banks for payment status tracking, reconciliation, and issue resolution.

Vibgyor Advisors

Sep 2021 – Nov 2021

Financial Service Advisor Intern

- Built and managed professional relationships with **30+** real estate dealers, CAs, and industry partners.
- Conducted **50+** financial consultations, contributing to a **25%** improvement in client satisfaction.
- Assisted clients with financial planning and investment advisory services.

Projects and Delivery Strengths

High-Volume SAP Payment Cycle Support | *APP, DMEE, Bank Integration, AP*

- Supported weekly and monthly payment cycles from proposal through payment file generation, failure analysis, and reconciliation follow-up.
- Worked across business, bank, and internal support teams to keep payment processing accurate and timely.

SAP Testing and Production Support | *UAT, Functional Testing, ServiceNow, Jira*

- Prepared and executed functional test cases, documented defects, supported user acceptance testing, and closed incidents through support workflows.
